## Front Window Frame Painting Project

The Board of Directors on September 16, 2009 voted to purchase and provide a painting kit to any unit owner who wishes to paint the window frame around the first floor window under the carport and/or their front door. The paint will match the recently refinished cubby doors. If you are interested in obtaining the kit, please check the items you wish below and mail the form to **Joe Sheare at 5014 Alta Vista Road, Bethesda, MD 20814**. He will assemble the kits and make arrangements to get them to you.
